PRESS RELEASE

2nd June 2013

OFFICIAL OPENING OF WESTHILL PODIATRY, CHIROPODY AND MULTI DISCIPLINARY PRACTICE BY MR LEE MCALISTER THE ABERDEEN ASSASSIN.

Westhill Podiatry Practice was officially opened by boxer Lee McAllister the Aberdeen Assassin on Friday 31th May 2013. Lee's new company A-Team Property Maintenance and Construction Ltd fitted out the interior of the clinic.

This new venture is a dynamic multidisciplinary clinic that offers a wide range of private health services. As well as a podiatry/chiroprody there will be a dietician, a physiotherapist, a massage therapist and a chiropractor all under one roof, providing one centre for care. The practice is located at a prime location in the Westhill Shopping Centre which offers free parking.

The podiatry/chiroprody practice itself offers a full range of treatments; both routine and preventative care, biomechanical evaluation, sports injuries, in-growing toe nail treatment, verruca and diabetic foot care.

Tracey White decided to undertake this venture after realising that there was no private provision of a service like this in Westhill. Tracey said 'Local people used to have to travel into the Aberdeen City centre or further for treatments, now Westhill has is a high quality local option where patients can combine their treatments and shopping'

The clinic is still looking for other therapists to join this exciting new venture, if anyone is interested they can contact the Tracey on 01224 740885

Above: Mr McAllister tested the treatment chair and declared it 'very comfortable'. Alongside the Assassin are (from left to right) Tracey White (podiatrist and practice owner), Annette McPherson (physiotherapist), Maria Dow (dietician), and Charlotte Triben (Chiropractor).
